 - +Desk 1 HL 120 (Shared Testing Room with computer) +HL 121 (Private Testing Room with computer and window)

Important Notes:

- Use of a private room is restricted to those receiving pre-approval from the Coordinator of Accessibility Services, as documented on your accommodation letter.
- The red lines designating the time you've chosen must bracket white/light gray squares (not dark gray squares). Testing is not available during times when squares are dark gray or marked closed. Since shading is not always visible, it is better to rely on the accommodated testing hours listed above.
- Desks/rooms already scheduled are marked "private" with a blue or green bar across the times.

- In the **Attendance & Setup Type** box, simply click **Add Room**. Do NOT enter or change any information.
- In the upper right corner, click **Next Step**.
- In the **Accommodation Special Needs** box, explain any pre-approved testing needs you have, particularly related to staffing (such as requesting a reader or scribe), or list "none."
- Click **Save Changes**.
- In the upper right corner, click **Next Step**.
- In the **Reservation Details** form:
 - The first section is **Event Details**. Do NOT enter or change any information, unless it is incorrect.
 - The second section is **Additional Information**. Select a response for each field and check the box.
- Click **Create Reservation**.
- The **Reservation Created** message means you're done scheduling! As time permits, you and your instructor may receive a courtesy confirmation email.

Important Notes:

- It is the student's responsibility to inform the instructor about this appointment request, to adhere to the instructor's testing deadline, and to allow sufficient time for the instructor to deliver the test to the Student Success Center.
- Please contact mmu-testing@mtmary.edu with any questions.
