The 2014 theme for camp is **COMMUNITY CONNECTIONS**. What is community? It’s not just the place where you live – it’s so much more! Join us for two weeks of experiencing art and the connection it has in the community. We will look closely to see where art can be found, who the people are who are working in the arts, what kind of art is being designed for the community, and how the arts build community through creative exchange.

Our camp features weeklong art and music workshops for youth in grades K4-8. Customize your child’s experience by choosing times that work best for your busy schedule – for one or two weeks and for a full-day, morning, or afternoon session. Students may enroll in up to five different classes in each grade level.

The program centers on a process-oriented approach, which encourages personal creative reflection and exploration in a variety of media and techniques. A supervised brown bag lunch time is provided with time for working on a special mural project.

**Culminating Art Exhibit & Performance**

New this year! Each grade level will have a specific focus within our theme. One of the projects from each grade level will be turned into an item for a fundraiser at the culminating art show. The proceeds will go to a local organization as our way to give back to the community. Plus, a musical performance featuring the talents of our participants.
