A.A.S. Criminal Justice > B.A. Justice: Justice Studies

The Justice Major merges Mount Mary's liberal arts core with courses that prepare women to enter graduate school, law school, government service, nonprofit agencies or other careers in the law. The major provides a multi-disciplinary study of how the modern justice system operates. It focuses on building the essential skills of logical reasoning, communication, problem solving, and analysis. The Justice curriculum uses a variety of disciplines to better understand criminal behavior, global justice policy analysis, and legal issues. The Justice Studies concentration of the Justice Major prepares students for law school.
