UPDATED AUG. 2020

This example four-year plan is intended to outline the number and types of courses a student might take in order to fulfill the degree, major, core and elective requirements to graduate. Students meet with their academic advisor each semester to review progress toward fulfilling their degree requirements.

Sponsored by the School Sisters of Notre Dame

# NURSING

## SCHOOL OF NATURAL & HEALTH SCIENCES AND EDUCATION

As a Mount Mary nursing student you will build the skills and confidence to become a nurse ready to provide the very best care, and advocate for change to overcome the health disparities that exist among individual patients and in our community.

Mount Mary's new four-year, 120-credit degree program is designed for students to study at Mount Mary and complete in four years.

Nursing coursework takes place in the new 6,500 square-foot Nursing Learning Center and state-of-the-art simulation lab. Clinical rotations take place at partner facilities located in greater Milwaukee and southeast Wisconsin.

### Why choose Mount Mary to kick start your nursing career?

**DIRECT ADMISSION:** Once you're accepted to Mount Mary, you'll be a nursing student right from the start. This means that as long as you meet our academic progression standards you'll have a guaranteed spot in your nursing classes. You won't need to petition to enter the nursing program or submit an additional application.

**CLINICAL PARTNERS:** You'll gain hands-on experience at top health care facilities in Southeastern Wisconsin, including Children's Hospital of Wisconsin, Froedtert, Advocate Aurora, Ascension and more.

**SUPPORTIVE COMMUNITY:** Mount Mary nursing students benefit from small science classes and individual attention from professors. Whether you live on or off campus, you'll be able to fully immerse yourself in our tight-knit community. You can participate in 25+ clubs and organizations, or join one of six NCAA Division III athletic teams.

### Program Highlights

- Four-Year Program: Students will be able to manageably complete their nursing training with an average of 15 credits per semester
- Small class sizes, supportive peers and an inquiry-based classroom environment: Ask tough questions and get the answers nurse-leaders need to know
- Science and liberal arts faculty members dedicated to helping you succeed
- **NEW!** 6,500 square-foot learning center designed to create a collaborative environment
- **NEW!** State-of-the art simulation lab and nursing skills lab with the latest technology so you can master the skills you need
- Knowledgeable faculty advisors ready to help you reach your goals quicker

### ABOUT MMU

Mount Mary University, offers the following benefits:

- Located on a beautiful 80-acre campus in Milwaukee
- Less than 9 miles or 20 minutes from downtown Milwaukee
- Over 25 student clubs and organizations available
- Able to participate in NCAA Division III athletics teams
- Full access to the library, athletic center, health center and tutoring services

### SCHOLARSHIP ASSISTANCE

Did you know? 100% of incoming, full-time undergraduate students receive an academic scholarship. Go to [mtmary.edu/scholarships](http://mtmary.edu/scholarships) to see which scholarship you will be awarded based on your GPA and standardized test score.
