

CREATIVE SPACES Application Form

Mount Mary commits itself to excellence in teaching and learning with an emphasis on thinking critically and creatively. Join in realizing our Mission by submitting proposals for new creative spaces on campus!

We promise that students will graduate with creative thinking skills, defined as *Agility, Exploration/Experimentation, Imagination, Open Mindedness, and Navigating Complexity (AEIOC)*. Students are developing these skills in the curriculum and co-curriculum. Let's enhance spaces that speak to the excitement of teaching and learning in community at Mount Mary University.

INSTRUCTIONS:

1. Please download and print a copy of the application form as you or your group develop your responses to the questions.
2. Complete your final copy in the online writable format and save a copy to your computer.
3. Deliver your proposal application to the Office of the President by Friday, November 10. You may submit either a paper copy or email the PDF as an attachment to lemkee@mtmary.edu.
4. If you have accompanying visuals to your proposal application you must submit them with a copy of your paper application to the Office of the President.

If you have questions regarding this application or the process, please contact Pam Owens, Karen Friedlen or Dave Wegener.

PROJECT NAME

Please list each of the individuals that created this proposal:

Location for your proposed Creative Space:

Describe your proposal:

Describe the primary audiences of your creative space:

Describe how this space will impact growing enrollment:

Describe how this space will connect to the University's Creative Campus themes and one or more of the Mount Mary values of Competence, Commitment Compassion and Community.

Describe any significant implications for surrounding spaces.

How will it compliment and not alter the function of the adjacent spaces?

What is the estimated cost of your proposal?

Please be as detailed as you are able. You may submit supporting documents, but you should not solicit bids on behalf of the University. You can consult with Becky Johnson, Director of Building and Grounds regarding estimates of cost.
